*Note: Students may have had more than one sanction applied per incident.						
**Note: The 2005-2006 statistics did not include the warning letters as students who were found responsible, whereas 2003-2004 and 2004-2005 did. Therefore, to calculate a comparable average number of sanctions applied per student found responsible, we divided the total number of sanctions by the sum of the students found responsible and the students warned.						
***Note: For 2005-2006, the Reflection paper and Research paper were together recorded as Reflection/Research Paper. The number for this sanction is listed under Reflection paper.
